Count on the industry’s lowest cost-per-hour undercarriage systems.

Cat® products are built to work hard. Expert system management makes your system last longer. Our Undercarriage Assurance Program was developed to demonstrate our commitment to provide you the lowest cost-per-hour undercarriage systems. These Assurance Programs go beyond the standard new machine or parts warranty to show we will stand behind our products.

All major moving undercarriage components on Cat® track-type tractors, track-type loaders, and track-type hydraulic excavators are covered.

To enroll, simply have your parts and service representative sign you up at the time of purchase, and follow recommended maintenance and service procedures.
**Undercarriage Assurance Programs**

**Undercarriage Assurance Genuine**
For purchases after January 1, 2008, the program coverage is 4 years, 4000 hours, or until the assembly is 100% worn, whichever comes first. For purchases prior to January 1, 2008, the program coverage is 3 years, 4000 hours, or until the assembly is 100% worn, whichever comes first. Genuine coverage is for the following types of failures:
- Oil leaks and breakage on new link assemblies, roller, and idlers
- Oil leaks on dealer rebuilt exchange rollers and rewelded/reshelled idlers
- Breakage, under normal use, of new track shoes and sprockets/sprocket segments
- Bushings with end grooving exceeding Cat re-use guidelines at turn time
- Severe, heavy spalling that covers 30% or more of a link rail surface

**Undercarriage Assurance Cat® Classic**
For a purchase after June 1, 2007, program coverage is 3 years, 4000 hours, or until the assembly is 100% worn, whichever comes first. For a purchase prior to June 1, 2007, there is no coverage. Classic coverage is for the following types of failures:
- Oil leaks and breakage on new link assemblies, roller, and idlers
- Breakage, under normal use, of new track shoes and sprockets/sprocket segments
- Bushings with end grooving exceeding Cat re-use guidelines at turn time
- Severe, heavy spalling that covers 30% or more of a link rail surface

**Undercarriage Assurance Gold**
For purchase after January 1, 2008, program coverage is 4 years, 6000 hours, or until the assembly is 100% worn, whichever comes first. For purchase prior to January 1, 2008, program coverage is 3 years, 6000 hours, or until the assembly is 100% worn, whichever comes first. Gold coverage is for the following types of failures on D11R/N/T Sleeve Bearing Track:
- Oil leaks and breakage on new link assemblies
- Re-usability of pins, bushings, sleeve bearings, links and master links at bushing turn time

**Undercarriage Assurance SystemOne**
New SystemOne™ Undercarriage parts are covered for leakage and breakage for 4 years, 6000 hours, or 100% wear, whichever comes first. SystemOne coverage is for the following types of failures:
- Oil leaks and breakage on new link assemblies, rollers, and idlers
- Oil leaks on dealer welded or reshelled idlers, if resealed and installed with less than 50% wear
- Breakage under normal use of new track shoes and sprocket segments
- Refer to PEHJ0071 for more details

**How to enroll your machine**
Your parts and service representative can sign you up for the appropriate Caterpillar Undercarriage Assurance Program:
- Genuine - Certificate PEEP5026
- Classic - Certificate PEDJ0079
- Gold - Certificate PEDJ0005
- SystemOne™ - Certificate PEDJ0024

**Shoe Options**
Components purchased will be covered regardless of shoe width. However, Caterpillar always recommends using the narrowest shoe that provides adequate flotation.

**Exclusions**
- Track-type skidders
- Track Feller bunchers
- NEXUS™ brand

**CAT® DEALERS DEFINE WORLD-CLASS PRODUCT SUPPORT.**
We offer you the right parts and service solutions, when and where you need them.

The Cat Dealer network of highly trained experts can help you maximize your equipment investment.
