

# Cat<sup>®</sup> Hydraulic Pump and Motor Service

## Your one-stop shop for fast, high-quality service

Where you source hydraulic repairs can have a big impact on your bottom line. While most independent shops want only to sell you parts and labor, your Cat<sup>®</sup> Dealer has a different goal: helping you control costs and maximize machine uptime.

Here are just a few reasons why you can trust us to provide the best value in pump and motor service:

- Trained technicians
- Caterpillar<sup>®</sup> Parts Reuse Guidelines
- Comprehensive repair options
- Commitment to contamination control
- Performance testing

**CATERPILLAR<sup>®</sup>**

## Control costs. Maximize uptime.

- Nobody knows Cat hydraulics like our **trained technicians**. They have the parts, tooling and expertise to diagnose and resolve problems quickly and accurately.
- Caterpillar provides us with comprehensive **Parts Reuse Guidelines** developed from decades of Cat Dealer repair data. Because we don't replace parts unnecessarily, you contain repair costs and realize the full value from your Cat equipment investment.
- We offer the industry's most **comprehensive repair options**. More choices means you won't pay for—or wait on—repairs you don't really need. Off-the-shelf Cat Reman Products, section kits and precision lapping\* are just a few of the options we offer to help you keep your costs and machine downtime to a minimum. We even offer Cat Classic™ pumps, an economical new-part alternative for older Cat equipment.
- Our disciplined **contamination control procedures** help keep your hydraulic systems clean and operating at peak efficiency.
- Pumps and motors we service are **performance-tested** before they leave our shop to make sure they meet factory specifications.

## More options save you time and money
