

# Cat® Reman Coverage for Large Wheel Loaders

## Comprehensive Reman coverage lowers costs and lessens downtime

Cat Reman options are one way Caterpillar supports your Cat Wheel Loaders (988F Series II - 994). Factory-remanufactured to deliver like-new performance, featuring a same-as-new warranty, and affordably priced to lower your owning and operating costs, Caterpillar® Remanufactured products will get your wheel loader back to work quickly, reliably, and cost effectively.

The result is minimum downtime and maximum productivity for your wheel loader, allowing you to save time and money — and get like-new quality. Helping you get maximum machine productivity for the lowest possible cost — it's what Caterpillar Remanufactured products and support are all about.

REMAN

**This illustration represents typical Reman coverage for large wheel loaders. We can provide specific coverage information.**

### **The difference is in the details**

Remanufacturing is more than rebuilding. It is returning components to their original performance specifications through the use of state-of-the-art salvage techniques, strict reuse guidelines, advanced manufacturing systems, and unequaled control. After disassembling, cleaning, and inspecting the core, we restore all worn, damaged, or malfunctioning parts. Testing ensures reliable results.

Restoring original performance is possible, since Caterpillar components are

built to be remanufactured for a second life. This attention to detail ensures that remanufactured components for your large Caterpillar Wheel Loader make your machine as strong as ever.

### **Caterpillar Reman products — what you need; when you need it**

When you exchange your wheel loader components with remanufactured products, what you get is a component that is “as good as new.” And Reman products are available when you need them, right

off the shelf in our parts department. Our core inspections are based on visual checks — not measurements — allowing for an immediate decision on core condition and credit.

Call us today to learn more about Caterpillar Remanufactured products and our core credit policy. We'll show you how Cat Reman products for large wheel loaders help you get back to work quickly and cost effectively.
