

# Cat<sup>®</sup> Reman Engines with ACERT<sup>™</sup> Technology

## Remanufactured Engines with ACERT<sup>™</sup> Technology offer Reliability and Value

Cat<sup>®</sup> Reman Engines with ACERT<sup>™</sup> Technology offer maximum value by providing improved productivity and efficiency at a fraction-of-the-cost of new. As the world's leading remanufacturer of diesel engines, Caterpillar employs state-of-the-art techniques, advanced remanufacturing processes, and genuine Cat parts to return each EPA '04 engine to same as new specifications.

Available in C7, C13 and C15 product offerings, Cat Reman Engines with ACERT Technology can get you back on the road with same-as-new performance and product quality at a fraction-of-new price. In addition, you will benefit from:

- Standard Reman warranty
- Industry leading product support
- Reduced downtime for overhaul and repairs
- World-class customer support and outreach
- Immediate product availability
