

Cat[®] Remanufactured On-Highway Engines and Components

Maximum Productivity and Lower Costs

Comprehensive Reman Coverage—Gives You Options

When your engine requires service, you need solutions that get you on the road quickly, affordably, and reliably. Our extensive Reman coverage for on-highway engines provides reliable, lower-cost solutions whether you require simple component repair or more extensive engine replacement. We stock Cat[®] Reman Engines and Engine components so we can get you back on-the-road quickly.

Fraction-Of-New Price—Lowers Costs

Reman options are one more way we support your engine and help you lower owning and operating costs. Cat Reman Engines and engine components are typically priced at 40-60%¹ of new. You also receive credit for your used core through our generous core acceptance program.

¹ Price percentages represent general ranges of suggested consumer prices and are based on the return of an acceptable core.

Caterpillar. The difference counts.™

The highly trained experts at your Cat Dealer and authorized Cat parts and service locations define world-class product support by offering you the right parts and service solutions, when and where you need them.

We keep your on-highway engine up and running to maximize your investment.

CATERPILLAR[®]

Coverage and Availability Reduce Downtime

Core Acceptance Criteria Reduces Costs

Our simple core acceptance criteria allows a quick determination of core credit. We visually inspect the core on the spot, providing an immediate decision on core condition and credit, so you don't have to wait—or guess about—repair costs. Our two-level pricing system ensures that engines with broken, cracked, or welded blocks can earn a partial refund.
