CAT® 1-3T NEXT GEN MINI EXCAVATORS – AIR CON COMFORT WITH POWER TO SPARE

The Cat® 301.6, 301.8, 302 CR, 302.7 CR and 303 CR all feature fully sealed and pressurised cabs, keeping the heat, dust and noise out. It's all thanks to our new sealed cab design. Better still, our class-leading engine power improvements mean you can work in air-conditioned comfort and still have power to perform. It's technology that's never been available in Cat excavators below 3 tonnes and it makes your outdoor office the most comfortable place to work. Plus, with a Customer Value Agreement delivered by your Cat dealer, you'll enjoy hassle-free maintenance and reliability when it matters.
